Three Students Receive J.L. Turner Scholarship

FORT WORTH, Texas – Texas Wesleyan law students took home three of the seven scholarships awarded by the J.L. Turner Legal Association on Nov. 1.

3L Nikki Chriesman, 2L Letetia Holt, and 2L LaJoi Murray each received scholarships from the association's 56th Anniversary Scholarship and Awards Banquet. The scholarships are awarded to minority students on the basis of merit and need.

Professor Neal Newman said that the recognition of three of Texas Wesleyan's students shows the individual commitment to public service each recipient exhibits.

"Each year the J.L. Turner Legal Association holds their annual scholarship awards gala where a select group of law students are recognized for academic excellence and commitment to community service," Newman said. "Out of the seven scholarships awarded, three went to Texas Wesleyan students. The awards are a testament to their academic achievements and their commitment to serving their community. I'm very proud and could not be happier for them."
